The Fifteenth Annual Meeting of the Internet Governance Forum (IGF) will be hosted online by the United Nations under the overarching theme: Internet for human resilience and solidarity.

The programme continues to develop around the four main thematic tracks: (1) Data; (2) Environment; (3) Inclusion; (4) Trust.

The IGF 2020 pre-events, newcomers sessions, thematic introductory sessions, as well as the Open Forums, NRIs and DC sessions will be hosted from 23 October until 6 November during the first meeting's phase. The meeting will be officially opened on 9 November and closed on 17 November. During this 7-day phase, workshops, main sessions, the high-level leader's track, parliamentarians roundtable and thematic concluding sessions will be hosted.
